GET THE MOST OUT OF YOUR ENERGY DOLLAR.

Northeast Utilities is strongly committed to energy conservation. It's a cost-effective resource for us and a way to lower electric bills for you. With good planning, sensitivity to change and solid cooperation from customers like you, we can continue to:

- Use valuable natural resources in the most efficient way possible,
- Reduce our dependence on unreliable supplies of imported oil,
- Help the environment through reduced emissions from fossil fuels.

Please read this brochure and share it with your family and friends. It's just one more way we're working with our customers on a brighter future.
